NEW LIFE CHURCH

Prayer Team Volunteer Description:

The aim is to have folks available to pray for members of the congregation after the Service. The prayers will be in accord with God's Word for that person in their need, so Team members need to practise listening to God and sensing His leading, rather than presuming what should be prayed for. There have been some amazing answers to prayer following this pattern.

> *"One that springs to mind is the testimony of a woman who was a visitor to our church. She received healing from the inability to eat many foods because of previous allergic reactions to food substances. This followed on from a Word of Knowledge from Father God during our prayer time with her".*

We are currently a small team of six people, so we have adapted to fully utilise our strengths. All team members are available to pray, and collect and wear a Prayer Team lanyard at the start of the Service, and are then "on duty" after the Service. The 'Prayer Corner' is a designated space in the quieter part of the Church Auditorium. This is to be kept open and used if a more private space for chat and/or prayer is required.

We would love for more Pray-ers to join our Team. If you are interested in this ministry and are ready for the commitment of serving one or two Sundays a month, please speak to Pam, or complete the team sign-up form.

As at 28th August 2026.
